Econometrics	Analysis of Economic Data
	Numerical Analysis
Statistics	Managerial Accounting
	Probability
Financial Accounting	Money & Banking
Business & Technical Writing	

RESEARCH EXPERIENCE
Senior Honors Thesis, UC Davis (01/09-6/09)
Conducted original research in the areas of economic development and growth in low-income countries with the guidance of Professor Robert Feenstra and Professor Doug Miller. Gathered data on education, technology, productivity, governance, and trade. Analyzed data using statistical methods and programs such as Excel and STATA. Developed an index to describe technological progress, specifically in low-income countries. Used index to help explain variations between countries.

What do I want to highlight on the new resume:
- Make sure they see/know that I have demonstrable portfolio
- Show key technology skills
- Show work experience
